## TIPS FOR SUCCESS

- 1. WATCH THE EPISODE!**  
See how Angela pieces and quilts these designs as she works her way through the quilt top. Go to [youtube.com/midnightquiltshow](https://youtube.com/midnightquiltshow) and search for Weave It Be.
- 2. GET THE DIAGRAMS**  
See the next few pages for Angela's sketched quilting designs. These are a great starting point for quilting ideas-- whether you want to Turn In Early with something simpler, or stay Up All Night with more free-motion fun.
- 3. GET YOUR MACHINE READY**  
Prepare for quilting success by ensuring that your machine needle is sharp. Are you experiencing breakage of your top thread, or skipped stitches? Do you hear a quiet popping sound when your needles move through the fabric? These are all signs that your needle is dull and it's time for a change.

# TURN IN EARLY

## Quilting Diagram

Machine quilting with a walking foot is a great way to finish a quilt quickly without marking. Using the piecing as a guide lets the quilting enhance the quilt pattern. Easy and impactful — talk about a win/win!

# UP ALL NIGHT

## Quilting Diagram

Adding a little more detail to your quilting doesn't mean that you have to put away your walking foot. Use the walking foot to quilt the lines, then switch to your free-motion quilting foot and add some loops in between. It's not only a great way to get comfortable with your free-motion quilting foot, it will also make your quilt look amazing!
