TIPS FOR SUCCESS

- 1. WATCH THE EPISODE!**
See how Angela pieces and quilts these designs as she works her way through the quilt top. Go to youtube.com/midnightquiltshow and search for Split Square.
- 2. GET THE DIAGRAMS**
See the next few pages for Angela's sketched quilting designs. These are a great starting point for quilting ideas-- whether you want to Turn In Early with something simpler, or stay Up All Night with more free-motion fun.
- 3. GET YOUR MACHINE READY**
Prepare for quilting success by ensuring that your machine needle is sharp. Are you experiencing breakage of your top thread, or skipped stitches? Do you hear a quiet popping sound when your needles move through the fabric? These are all signs that your needle is dull and it's time for a change.

TURN IN EARLY

Quilting Diagram

Let the colors of the fabric shine by keeping the quilting nice and simple. A few straight lines from each of the corners is a quick way to finish the quilt. Don't worry if the lines aren't perfectly straight; just remember that a finished quilt is always better than a perfect quilt top.

UP ALL NIGHT

Quilting Diagram

The secret to making your quilting look more complex is to echo, echo, echo. To add a little more pizzazz to your quilt, echo the outer sides of the blocks then quilt a dot-to-dot quilting design in the center.
