Tips For Success

- 1. PATTERN:** This kit includes a printed version of your pattern – be sure to read through your entire pattern before you begin cutting your fabrics! In some cases, a digital version of your pattern may be available for download in your pattern library. Simply log in to your Bluprint account to access it. If for any reason a newer version of your pattern becomes available, we'll send you an email with instructions about how to access it.
- 2. BLADE:** Is your rotary blade sharp and ready? A sharp blade will require you to use less energy when cutting! If you see small threads still intact when you cut through your fabric, that's a good indication it's time to change your blade.
- 3. MACHINE:** Prepare for sewing success by ensuring that your sewing machine needle is sharp. Are you experiencing breakage of your top thread, or skipped stitches? Do you hear a quiet popping sound when your needles move through the fabric? These are all signs that your needle is dull and it's time for a change.

Half-Square Triangles

STEP 1

On the back of a $9\frac{3}{4}$ " square of Background, draw two diagonal lines to form an "X". Place a drawn square, right sides together on a $9\frac{3}{4}$ " square of Pink #1. Sew a $\frac{1}{4}$ " from each side of both lines. Cut in quarters, horizontally and vertically, as shown. Note that the half-way measurement is $4\frac{7}{8}$ ". Cut on the drawn lines. Open and press towards the background. Square to $4\frac{1}{2}$ ". You should have 8 Half-Square Triangles.

Flying Geese

STEP 1

Gather a $7\frac{1}{4}$ " square of Pink #1 Fabric and (4) $3\frac{7}{8}$ " squares of Background Fabric. On the wrong side of the $3\frac{7}{8}$ " squares of Background Fabric, draw a diagonal line from corner to corner. Place 2 drawn squares, right sides together on the corners of a $7\frac{1}{4}$ " square of Pink #1 Fabric, as shown. Sew $\frac{1}{4}$ " on both sides of the line. Cut on the line and press out.

STEP 2

Place a drawn square on a corner of the piece as shown. Sew $\frac{1}{4}$ " from both sides of the line. Cut on the line and press out. The Flying Geese should measure $3\frac{1}{2}$ " x $6\frac{1}{2}$ ". You will make a total of 4 per Background and Pink.
